

**DESIGNED BY XPERTS.
FOR EXPERTS.**

Tools & Consumables v7

In 2010, a team of experienced, professional window fitters realised that many of the tools used within the glazing industry were not actually intended for that purpose. To address this gap in the market, the Xpert brand was born, giving fenestration professionals a range of tried-and-tested tools, hardware and equipment essentials they can rely on every day.

Our products help fabricators and fitters achieve the best results in less time because they've been designed with inside, hands-on knowledge of how they are really used in the workplace – that includes the bad habits! The result is practical, proven kit preferred by trade professionals because it eliminates many of the irritations associated with employing general-purpose tools and consistently delivers the desired results.

Xpert Mitre Shears

“These shears are great for cutting rubber gaskets but also for cutting trims for windows and doors. They are very well made as I use them probably every day and they are still sharp and working fine.”

Jack Warner

Gasket Shears & Snips

Easily cut through trims and gaskets again and again with these hard-wearing fitter’s toolbox essentials.

**Solide Blade
Mitre / Gasket / Trim Shear**

- Multi angled base: 45-90°
- Cushioned grip handles for extra comfort/safety
- High quality
- For replacement blades and base plates see page 4

GKT03104

**Quick Change Blade
Universal Mitre / Gasket
/ Trim Shear**

- Multi angled base: 45-90°
- Accepts trim and utility blades
- Cushioned grip handles for extra comfort/safety
- For replacement blades and base plates see page 4

GKT03804

Gasket Snips

- Length: 140mm
- For cutting gasket and tin

GKT20000

Knives & Blades

Specialist cutting tools and spares tough enough to tackle all kinds of glazing jobs.

32mm Chisel Knife / Bead Knife

- 32mm wide stiff polished chrome chisel blade
- Ideal for removing window beads
- Cushioned grip handle with steel end cap

KNF10001

10 in 1 Multi-Purpose Knife

- 75mm stiff polished chrome blade
- Cushioned grip handle with steel end cap
- Multi functions include: nail puller, knife, bottle opener, scraper, spreader etc.

KNF10002

Heavy Duty Utility Knife

- Zinc alloy case with TPR handle
- Quick blade changing and 3-stage blade locking
- Internal blade storage

KNF10000

Utility Knife Blades

- Heavy duty blades
- 0.6mm thickness

10 pack - **BLDCT09**
100 pack - **BLDCT10**

Spare Base Plate for Mitre Shears

- Replacement base plate for GKT03104 Xpert solid blade mitre/gasket/trim shears and GKT03804 Xpert universal mitre/gasket/trim shears

GKT03106

Scan the code for our installation guide

Replacement SK5 Blade

- Replacement blade for GKT03104 Xpert solid blade mitre/gasket/trim shears

GKT03105

Scan the code for our installation guide

Knives & Guides

Specialist cutting tools and spares tough enough to tackle all kinds of glazing jobs.

Moon / Sprue Knife

- Sharp stainless steel blade
- Non-slip cushioned handle for comfort/safety
- Ideal for removing weld sprues on PVCu windows or as a general purpose knife

DCK10000

Sprue Guide

- 0.4mm sprue guide allows fast and accurate removal of the weld sprue on PVCu welded profiles when used with the industry standard moon knife

SPRUEGUIDE

Xpert Chisel Knife

"...this was by far the best tool for the job. It's also very sturdy and I'm sure it will last a long time."

David Torbett

Glazing Tools

Must-have tools and accessories to make glass fitting and installation quicker, easier and safer.

3 Cup Aluminium Body Suction Lifters

- Heavy duty, 115mm suction pads
- * Max lifting weights; 155kg horizontal, 140kg vertical
- Suction cups must be kept clean and unmarked to avoid malfunction

SUC10003

2 Cup Aluminium Body Suction Lifters

- Heavy duty, 115mm suction pads
- * Max lifting weights; 100kg horizontal, 85kg vertical
- Suction cups must be kept clean and unmarked to avoid malfunction

SUC10002

Xpert Triple Vacuum Suction Lifter

"Wish I'd bought them years ago, so handy for fitting windows etc. makes life a lot easier."

W. Mackenzie

Glazing Tools

Must-have tools and accessories to make glass fitting and installation quicker, easier and safer.

1 Cup Aluminium Body Suction Lifters

- Heavy duty, 115mm suction pad
- * Max lifting weights; 50kg horizontal, 35kg vertical
- Suction cup must be kept clean and unmarked to avoid malfunction

SUC10000

8" Vacuum Glass Lifter

- Max lifting weights; 100kg horizontal, 100kg vertical
- Pump up red line marker
- Complete with carry case
- Suction cup must be kept clean and unmarked to avoid malfunction

SUC20000

Glazing Shovel

- Blade width: 68mm
- ABS plastic
- Ideal for toe and healing when glazing windows
- Available in white - **GLS83000A**

yellow - **GLS830001**

red - **GLS830002**

16oz Rubber Mallet

- Cushioned grip handle for extra comfort/safety
- High quality
- 57mm Ø face

HAM10001

Saws

High-quality blades for a quick, clean cut through PVCu or wood glazing and building products.

Toolbox Saw

- Hardpoint
- 360mm / 14"
- 16 ppi, fine tooth blade
- Ideal for cutting PVCu, wood or plastic pipe
- Handy ruler printed on top saw edge to make marking up easier

SAW90004

PVCu Saw

- Hardpoint
- 508mm / 20"
- 14 ppi
- For cutting PVCu, fascia, soffits & trims
- Handy ruler printed on top saw edge to make marking up easier

SAW40001

Builders Saw

- Hardpoint
- 560mm / 22"
- 8 ppi
- For cutting wood, chipboard, tongue & groove
- Handy ruler printed on top saw edge to make marking up easier

SAW40002

Applicators

Ensures effortless, economic and precise application of sealants and adhesives.

Professional PU Applicator Gun

- Stainless steel nozzle
- Full teflon-coated basket and internal parts
- Length: 200mm

GUN10000

Heavy Duty Dripless Mastic Gun

- Dripless automatic pressure release
- Cuts down on waste
- Saves mess
- Revolving barrel
- Will hold up to a 400ml tube

SIL99990

Measuring

Long-lasting quality measurement tools for a faultless finish.

Xpert Glass Gauge

"Great item, simple but effective. Saves taking the glass out of the frame to measure."

Mr. W Gee

Glass Gauge

- Used to measure the thickness of sealed glass units without removing them from the window
- Robust frame and ruler manufactured from steel
- Jaws open to 104mm for measuring round the widest frames
- Ruler on both sides for easy measuring

GTG20000

Digital Angle Finder

- Length: 320mm
- Measuring range: 0-225°
- Accurate within 0.05°
- Digital display with hold facility
- Battery supplied

DAF10000

Tape Measures

- Matt finish blade reduces glare/reflection for easy reading
- Quick blade hold & break lock
- Belt clip for ease of storage
- Ruler on both sides for easy measuring feet, inches, mm, cm & m
- Double ended hook

5m/16ft **MTP50005**

8m/26ft **MTP50008**

Air Power Tools

Featuring key air tools in the fabricator's armoury including drills, screwdrivers, sanders and grinders.

3/8" Reversible Keyless Chuck Drill

- Speed: 2,000rpm
- Average air flow rate: 4 CFM
- Inlet size: 1/4" BSP
- Chuck size: 10mm
- Sound pressure ISO 15744: 89 dB(A)
- Sound power: 100 dB(A)
- Vibration level ISO 28927:
A: 3.9 m/s², K: 1.5 m/s²

KAD10000

3/8" Reversible Drill

- Speed: 2,000rpm
- Average air flow rate: 4 CFM
- Inlet size: 1/4" BSP
- Chuck size: 10mm
- Sound pressure ISO 15744: 89 dB(A)
- Sound power: 100 dB(A)
- Vibration level ISO 28927:
A: 3.9 m/s², K: 1.5 m/s²

KAD10001A

1/4" Reversible Screwdriver Medium Torque

- Speed: 2,000rpm
- Average air flow rate: 4 CFM
- Inlet size: 1/4" BSP
- Sound pressure ISO 15744: 92 dB(A)
- Sound power: 103 dB(A)
- Vibration level ISO 28927:
A: 0.4 m/s², K: 1.5 m/s²

ARD10000

Dentist Drill

- Speed: 22,000rpm
- Average air flow rate: 4 CFM
- Inlet size: 1/4" BSP
- Collet size: 3mm or 6mm
- Sound pressure ISO 15744: 86 dB(A)
- Sound power: 97 dB(A)
- Vibration level ISO 28927:
A: 1.13 m/s², K: 0.65 m/s²

3mm collet **ADD10000**
6mm collet **ADD10006**

3/8" Straight Drill

- Speed: 3,500rpm
- Average air flow rate: 4 CFM
- Inlet size: 1/4" BSP
- Chuck size: 10mm
- Sound pressure ISO 15744: 92 dB(A)
- Sound power: 103 dB(A)
- Vibration level ISO 28927:
A: 1.13 m/s², K: 1.5 m/s²

KAD10003

Professional Orbital Palm Sander

- Speed: 11,000rpm
- Average air flow rate: 4 CFM
- Inlet size: 1/4" BSP
- Pad size: 150mm
- Non vacuum
- Sound pressure ISO 15744: 82 dB(A)
- Sound power: 86 dB(A)
- Vibration level ISO 28927:
A: 0.1 m/s², K: 1.8 m/s²

ASP10000

Air Power Tools

Featuring key air tools in the fabricator's armoury including drills, screwdrivers, sanders and grinders.

Micro Die Grinder/Pencil Drill

- Speed: 56,000rpm
- Average air flow rate: 7 CFM
- Inlet size: 1/4" BSP
- Collet size: 3mm
- Sound pressure ISO 15744: 74 dB(A)
- Sound power: 85 dB(A)
- Vibration level ISO 28927: A: 0.6 m/s², K: 0.57 m/s²

MGR10000

Polishing

Ideal for polishing and finishing PVCu applications.

Air Sisal Machine

- Speed: 22,000rpm
- Average air flow rate: 4 CFM
- Inlet size: 1/4" BSP
- Sound pressure ISO15744: 86 dB(A)
- Sound power: 97dB(A)
- Vibration level ISO28927:
A: 1.13 m/s², K: 0.65 m/s²
- Complete with sisal mop
- Used to polish plastic
- For best results, use with a cream cleaner (see part: PUC10100 on page 21)

ASM10000

Sisal Adaptor

- Converts a male mop to female M10 thread

ASM20003

Female Sisal Mop

- Used to polish plastic
- Use with sisal machine

It is recommended to use with a cream cleaner (see part: PUC10100 on page 21)

ASM20000

Male Sisal Mop

- Thread: M8 male
- Used to polish plastic
- Use with sisal machine or a drill

It is recommended to use with a cream cleaner (see part: PUC10100 on page 21)

ASM20001

Air Accessories

Everything fabricators need to kit out and maintain their air power tools.

Hand Router Shoes

Designed for hand routing applications in uPVC Eurogrooves – Ideal for jobs that fall outside of normal machine preps.

- Can be paired with Xpert Dentist drill (see page 10)

Seam Shoe **HRS10000**
 Drainage Shoe **HRS10001**

Braided Air Hose - 30m

- Working pressure: 20 Bar
- Inlet: 1/4" BSP
- Heavy duty

AHC13830

Inline Oiler

- Inlets: 1/4" BSP
- Drip feeds oil to air tools

Recommended for use on all air tools to prolong their life span.

OIL10000

Recoil Air Hose

- Inlet: 1/4" BSP
- Length: 7.6m/25ft
15.0m/50ft

7.6m/25ft **AHC10025**
 15m/50ft **AHC10050**

Y Piece Connector

- Inlets: 1/4" BSP

YPA10000

PTFE Tape

- Thread seal tape
- Size: 0.075mm x 12mm x 12mm
- BS7786: 1995 Grade L potable water
- WRAS Approved
- Pack of 10

TAP10000

Thermocouples

Heating sensors for PVCu window and door welding machines

Probe Thermocouple with Spring Cap

Designed to work with the Urban or Kombimatec uPVC welders. The cap has a male bayonet. Ensures safe and optimum operating temperatures.

- Wire length 1500mm
- Suits Urban & Kombimatec

THC10000

Ring Type Thermocouple

The J type thermocouple ring is ideal for use on Someco, Wegoma or STB uPVC welders.

1000mm wire length **THC21000**
2000mm wire length **THC22000**

Short Probe Thermocouple

Designed to work with the Elumatec and Sturtz uPVC welders.

- Wire length 1500mm

THC30000

PTFE Fibreglass Cloth

Prevents plastic sticking to weld heads during PVCu window and door fabrication

PTFE Fibreglass Cloth

This PTFE coated fibreglass cloth offers superior release properties and heat resistance to protect uPVC profiles during welding and ensure they won't stick to welding heads. *Please note, Teflon™ and PTFE are effectively the same product and do the same job. PTFE is the shortened name for polytetrafluoroethylene and Teflon™ is just the widely known trademarked name for the same polymer, which is owned by The Chemours Company.*

- Self-adhesive
- Non-stick and easy clean
- Highly resistant to chemicals except molten alkali metals & fluorine under high temperatures & pressure
- Resistant to temperatures up to 260°C
- Standard width: 1m
- Can be ordered in multiples of 1m or 5m lengths
- Special rates available for a 30m roll

Finish	Part Code	Box Qty.
Brown - Premium	TEF10000	1m ²
Green	TEF10001	1m ²
Silver	TEF10002	1m ²
Red	TEF10003	1m ²
Brown	TEF10005	5m ²

PTFE Sheet Folded & Stitched

- For Urban AKS 1400 and 1410 welder
- Folded and stitched
- Silver version coated
- Red version laminated (3 x life of the silver version)
- Size 584 x 200mm

Finish	Part Code	Size
Silver	TEF30002	584 x 200mm
Red	TEF30003	584 x 200mm

Physical Properties* (*Please note, these properties are typical values and should not be used for writing specifications.)

Adhesion	45oz/in. width
Break strength	120 lbs/in. width
Elongation	<5 %
Backing thickness	0.152mm
Adhesive thickness	0.05mm
Temperature range	-75 to +260°C
Insulation class	180°C

PTFE Cloth/Teflon - Non Adhesive, Sleeve

The non adhesive teflon is ideal for use on heater plates to prevent plastic from sticking during window and door fabrication.

- Available as a ROTOX sleeve in brown
- Size 225 x 430mm

TEF50000

Carbide Burrs

Used with air tools, drills and grinders to cut, shape, grind, file and deburr to perfection.

- Various end types
- Lengths: 28, 38, or 50mm
- Works with micro grinders/pencil or dentist drills
- Med-high quality or high quality

	Quality	Type	Cut \varnothing (mm)	Cut Length (mm)	Overall Length (mm)	Shank \varnothing (mm)	Part Code

117 LMN Silicone

Perimeter sealing of windows & door frames.

With its excellent adhesion to virtually all construction materials, easy application and permanent elasticity with movement amplitude of up to 20%, Xpert 117 LMN silicone is ideally suited to sealing all kinds of building joints and edges inside and out, especially around door and window frames.

- 1-component neutral silicone sealant
- Very easy to apply with the Xpert heavy duty Dripless Mastic gun
- Excellent adhesion to almost all building materials (see technical datasheet online)
- Permanent elasticity
- For outdoor and indoor applications
- High resistance to ageing, weathering and UV
- Temperature resistance: -50°C - +150°C
- Skin formation time: 15 mins at 23°C and 50% relative humidity
- Curing rate: 2.5 – 3mm after 24h at 23°C and 50% relative humidity
- Available in Snow White, Brown RAL 8017, Black RAL 9005, Clear and Anthracite Grey RAL 7016

Consumables

Takes care of all those essential clean up jobs, quick fixes and final flourishes.

Super Glue

- Achieves fast bonding of most non-porous surfaces
- High bond strength
- Available in low, medium or high viscosity

	20gm Bottle	50gm Bottle
LV	GLU20202B	-
MV	GLU20201B	GLU20501B
HV	GLU20203	-

Super Glue Activator

- Solvent-based super glue activator
- Works with Xpert super glue to accelerate adhesion
- Reduces bloom and odour
- Non-yellowing formulation
- 200ml aerosol spray can

GLU72204

PVCu Cream Cleaner

- Heavy-duty cleaner removes dirt and grime on PVCu plastic materials
- Suitable for both domestic and industrial usage
- Apply with a cloth or sisal mop (see page 12)
- 1 litre bottle

PUC10100

PVCu Solvent Cleaner

- Powerful solvent-based cleaner removes even ingrained dirt
- Suitable for use on all PVCu-based plastics
- Non-smear
- Fast acting
- 1 litre bottle

SOL10100

Glass Cleaner

- Easy-to-use window cleaner
- Fast-acting, non-smear
- Available in 1L spray or 5L and 25L refills

1 litre spray	PGC10100
5 litre refill	PGC10500
25 litre refill	PGC12500

Xpert Credentials

Why Xpert tools are always right for the job...

ESSENTIAL - We've listened to what the market wants and responded with a range of carefully selected, tried-and-tested tools and equipment to fulfil every glazing and fenestration application.

RELEVANT - Our tools and accessories are designed by people in the trade. Their hands-on knowledge about which tools work and how they're used has gone straight into product development to turn out practical, just-the-job kit with some clever features that enhance usability and give great results.

EXCELLENCE - Out of the tens of thousands of Xpert products sold last year, we received just a handful of returns. That proves our products hit the spot with fitters and fabricators in terms of features, quality and durability.

RELIABLE - Xpert offers a 1-year warranty across the entire product range except for air tools which come with a 3-month warranty. All warranty claims need to be returned to us along with a returns number for examination. Please note, air tools need to be oiled daily. Failure to do this will invalidate your warranty.

RIGHT-PRICED – We work hard to ensure our products achieve the ideal balance of price and performance to offer customers cracking value for money and give premium brands a run for their money!

All things Xpert tools on tap!
